

**Father Christmas was a figure at the first Christmas. True or false?**

*False. However, 1 in 10 25-34 year olds think Father Christmas is a figure in the nativity.*

**What month was Jesus born?**

*It was probably September or October – which is the 7th month of the calendar used in that time, NOT December.*

**Jesus was born in a stable. True or false?**

*The Bible doesn't actually mention a stable, or a barn, or a cave - only a manger. It was probably a relative of Joseph.*

**How many kings were there visiting baby Jesus?**

*They were wise men not kings and probably not just three*
